

## **Blonde 613 care tips**

Number one rule.... a little more maintenance than usual! When it comes to blonde hair, there are certain precautions you have to take in order to make sure it looks fab for years to come. No matter how high quality your hair is, all blonde hair requires extra maintenance. Because blonde hair extensions must be bleached in order to achieve the color, the hair is stripped of its natural moisture and oils and must be handled with care to avoid common hair horrors. Your blonde hair is only as good as its cared for. When it comes to blonde hair extensions, the proper care is key to the longevity of the extensions. Dying extensions any color puts a strain on the hair but more so when bleaching hair lighter. That does not mean you slack on the upkeep! So, with that, you will need to make sure the extensions remain moisturized at all times. A key to keeping the hair moisturized is finding a color safe yet sulfate free conditioner & shampoo plus quality oil treatment to retain moisture, you should condition the hair at least 3-4 times a week.
